Leadership Chatham Testimonials

After starting a new role in Chatham County and having limited knowledge of the area, Leadership Chatham was a great opportunity to truly dig my roots into the county. Each month a new industry was highlighted, and each day consisted of tours, meetings, meals, and making valuable connections. Throughout and after the program, the amount of knowledge I obtained was incredible and truly helped me succeed in my community relations role. No matter how new (or not new) you are to the area, Leadership Chatham will teach you something about your community.

Sasha Duncan, Former Community Relations Manager, Mountaire Farms | Account Manager, NationBuilder

I cannot recommend the Leadership Chatham program through Chatham County Chamber of Commerce enough! As a new leader of the only hospital in the county, this program provided me with an incredible amount of knowledge and insight into the county. However, the most rewarding, powerful, and impactful part of the program was the great connections made by other attendees and with our guest speakers and tours.

Eric Wolak, Chief Operating Officer, Chief Nursing Officer, Chatham Hospital UNC Health Care

I started my Leadership Chatham experience to build a partner base and networking opportunity for Love Chatham, but it became so much more. We, as a group, spent 10 months together becoming not only mutual alliances in Chatham County, but some have become my great friends. We learned so much about Chatham County and what/who makes it so great. It is amazing to see so many people banding together to love people in our communities. If you have not been a participant of Leadership Chatham, it is a must! You will NOT regret it. Please talk to Chatham Chamber of Commerce and ask for Cindy Poindexter. She is a great resource for our community/county.
